

Translation of extra financial data provider into up to date data

Author: Administrator User<info@frifugl.no>

Up-to-date company assessments: It is Inspire Invest's added value to provide clients with up to date company assessments. Extra-financial research providers company assessments and scores are "static" as they are only updated once a year. Inspire Invest's has developed a service whereby we provide clients scores reflecting the latest company behaviour and events which may have a material impact on the company. This service can be adapted regardless of client's extra-financial research provider.
