

# InSpire Holding

Author: Administrator User<info@frifugl.no>

The core investment entity of the Group is InSpire Holding which has in most cases controlling interests in the various entities of the Group. It also holds financial investments and direct private equity investments in among others fish-farming and Nanotechnology. InSpire Holding is seed and "angel" investor to new early stage projects, and projects in developing countries.

InSpire Holding is controlled by Nordic Enterprise, the investment company of the Willums family, which also provides funding for the InSpire Foundation for Business and Society.
